Safety Precautions:

1. Protective Gear: Always wear appropriate personal protective equipment, including safety glasses, gloves, and a dust mask when using the Kasweld Grinding Stone.
2. Secure Workpiece: Ensure it is securely clamped or held in place to prevent it from shifting during operation.
3. Check Compatibility: Confirm that the grinding stone is compatible with your grinder's specifications before use.
4. Inspect for Damage: Before each use, inspect the grinding stone for any visible damage or signs of wear. Do not use a damaged stone.
5. Proper Storage: Store the grinding stone in a dry, cool place away from direct sunlight and moisture.
6. Read the Manual: Familiarize yourself with the user manual and follow all manufacturer's recommendations.

Disclaimer:

The Kasweld Cylindrical Type Grinding Stone is a high-quality product for efficient metalworking applications. However, its use involves inherent risks and should be operated cautiously and by safety guidelines. Kasweld and its affiliates shall not be held responsible for any injuries, accidents, or damage resulting from this product's misuse or improper handling. Users are solely responsible for their safety and the appropriate use of the product. Please consult the user manual and follow all safety precautions outlined in the documentation.
