Features and Benefits:

- 1. Premium Material:** Crafted with goat/sheep skin leather, renowned for its softness and strength. Offers outstanding flexibility for natural hand movement during welding. High resistance to wear and tear, ensuring long-lasting performance.
- 2. Ergonomic Design:**
Specifically designed for TIG welding, allowing superior precision and control.
A snug and lightweight fit reduces hand fatigue during extended use.
Perfect for handling delicate and small welding components with ease.
- 3. Heat and Spark Resistance:**
Protects against moderate heat, welding sparks, and light abrasion.
Enhances safety in environments requiring precision under challenging conditions.
- 4. Durable Construction:**
Reinforced stitching for added strength and durability in demanding environments.
Engineered to withstand repetitive movements and friction without compromising on comfort..

Applications:

Kasweld TIG Gloves are the perfect choice for:

- TIG (Tungsten Inert Gas) welding requiring high precision and control.
- Industrial environments with light to moderate heat and spark exposure.
- Tasks that involve handling sensitive or small welding components.
